Montréal, Québec, March 5th - Y4Y Québec (Y4Y) is proud to announce its upcoming Youth Forum 2024, a dynamic event designed to amplify the voices of English-speaking youth in Québec. Set to take place on March 15, 2024, with youth from diverse backgrounds and varied life experiences on each panel, Y4Y promises to foster insightful discussions, which are anticipated to deepen an understanding of the aspirations of Québec youth for the future.

The event will feature an illuminating synopsis of Y4Y's research on English-speaking youth community, titled "Who we are, In Numbers and Nuances," along with lightning talks from organisations dedicated to youth leadership, including Elections Canada, the Office of the Commissioner of Official Languages, Apathy is Boring, and the Institut du Nouveau Monde. Engaging, participatory, youth-led panel discussions on the themes of education, civic engagement, and job-readiness will be moderated by knowledgeable facilitators.

Additionally, a pop-up gallery will showcase works from youth artists, adding a creative touch to the event. Of-age guests will also have the opportunity to meet with community leaders during the Networking Cocktail.

**Y4Y Québec is a non-profit organisation committed to addressing the issues facing English-speaking youth (ages 16-30) in the province of Québec.**
